Sam becomes a new kind of hero: the owner of bars in cities around the world, using his skills to track down those who took his family. And then, in turn, help the helpless and protect the innocent. Get ready to explore the world of Sam's books, mixology, gear and adventures around the world. Sam Capra - a brilliant CIA agent, loving husband, waiting father - loses everything that matters to him in a terrifying moment in London. An unknown enemy framed him as a traitor. But this enemy is targeting the wrong man. Fleeing from the CIA, Sam goes on a desperate hunt for the killer who stole his family and save his kidnapped wife and child. But the destruction of Sam's life was only the first step in an extraordinary plot - and now Sam Capra must become a new kind of hero. Genre: Thriller Related Books by other authorsTanner's Twelve Swingers (Evan Tanner, book 3)Lawrence Block Used accessibility for Jeff Abbott's Adrenaline Jeff Abbott at the 2007 Texas Book Festival. The Birth of 1963 (age 57) Agatha Awards Award (1994) Literary genre Suspension of the Postmodern Literary Movement by Jeff Abbott (born 1963) is an American thriller writer. He holds a degree in History and English from Rice University. He lives in Austin, Texas. His first novels were traditional fiction with detectives, but in recent years he turned to crime novels. The theme of his work has the idea of normal people being put at extreme risk and having to fight to get back to normal. The books have been published in several countries, with bestsellers in the UK, Australia, Ireland and France. The Works of The Mystery of Jordan Poteet-Are traditional mystery novels centered around Jordan Poteet's eccentric family in the small Texas town: Do Unto Others (1994) - Winner of the Agatha and Macavity Awards (given by the International Ministry of Readers) for best novel and nominated for the Dilys Award, awarded by the Independent Association of Best-Selling Police Stories. The Only Good Yankees (1995) - Nominated for the Texas Purple Crown Writers League Award. Promises of the House (1996) Remote Blood (1996) The Whit Mosley-Mosley Collection is a Texas judge and coroner who collaborates with Detective Claudia Salazar in the Bay County. These books are blacker and more thriller-oriented than poteet novels. Fatal Kiss - in the original A Kiss Gone Bad (2001) - is nominated for the Anthony Award at Bouchercon XXXIII in the Category Of Best Original Paperback. Black Jack Point (2002) - Nominated for the Edgar Award (nominated by The Writers of America); Anthony Award for Best The original; and for the Barry Award. Care about fonts? Consultado em 6 dezembro de 2010 Ligaes Externas site oficial Jeff Abbott bibliography Obtida de Written by American writer Jeff Abbott, Sam Capra series is a respected and highly influential spy series. Having created a lot of spy fiction, Abbott is a master of the genre and adept at intertwining rich stories with strong characters. Relying on his material for several years, Sam Capra's series unlike any other in his backlog throughout his long and extensive career. The series itself is dedicated to the eponymous main character Sam Capra; extremely gifted and talented CIA agent who is unsurpassed in his brilliance. Getting set up, though, he considers himself with nothing like his family and all he ever liked from him was unknown forces wanting to harm him. He then takes care of those less fortunate and the innocent, all the while seeking justice for those who have up their family. With a certain set of skills he has numerous adventures during his four books so far and counting. Launched since 2010, when the first book, Adrenaline, was published 2014. There are apparently more to come, as they are being released as commercial and critical recognition. Adrenaline Originally published in 2010 on June 24, it was the book that was supposed to lead to the beginning of the Sam Capra series. Introducing the eponymous CIA agent working for himself now, he sets out to create the entire premise and tone of the series. Creating the initial situation, he manages not only to give readers an idea of who he is, but he also works to build a sense of what's in the future in the books to follow. The main character is Sam Capra, always a resourceful CIA agent to correct his rights and fight injustice around the world. Taken from one extreme to another, Capra is forced to adapt to his new surroundings immediately putting his character to the end of the test. Being the main driving force, it is his arc and desire for justice that gives the novel its main weight, pushing it forward as a whole. Young and showing a lot of promise, he has a lot going for him and it's the ones around him that put his character to the end of the test. His wife acts secondarily as an invisible force just out of sight, along with her child, who she was pregnant with, thus giving him an incentive to fight for them. Getting them back won't be easy though, and he has to fight against a system that unfairly declared him guilty. Other characters include those who work for the government, along with those who will continue to repeat themselves throughout the series. Then there are the people who tried to frame him and won't stop at anything to cover his tracks as he tries to reveal their whereabouts. All of this creates a cast of characters that manages to propel capra plight forward as he tries to do the right thing while finding his loved ones again. Sent to London, Sam Capra finds himself in a big city at the beginning of what promises to be an exciting and fruitful CIA career. This along with his home life seems to have everything with his pregnant wife as they wait to start a loving family together. Suddenly though he gets a call from his wife telling him to get out of the building in it, which he does only to find him blow up behind him. A murder suspect he is sent to prison, where he must clear his name, while his pregnant wife is nowhere to be found. Will he be able to break free and prove his innocence, as he turns out to be working on adrenaline? Last Minute Leaving, where the latter stopped, is to follow the sequel to the first book ever popular by Sam Capra series. Originally published in 2011, this was intended to continue the story of the eternally elusive CIA agent Capra about his mission to get justice and find those who have ancies to his family. Further development of the characters, he looks to delve into their psyche as this presents Capra's biggest problem Coming back as now an ex-CIA agent with just the aim to find and safely return it to him is considered a lost wife. Lonely, allowing no one else to stand in his way, he is going to return his family, no matter what happens. With a clear sense of purpose, this is once again the driving force behind the novel, as those around him seek to exploit its predicament to their advantage. Given the task of committing a murder that would seem impossible, he did to complete the mission against his will. With his loved one's life at stake, he will have to use everything in his power to get them back before it's too late. Working undercover, though, he has a global network at his disposal running through a number of bars scattered internationally. This secret network is both powerful and strong, but it is also as mysterious in nature as a hidden and elusive organization. Will he be able to bring his family back in time, or will it be too late to leave them lost and out of reach forever? Can he survive this ordeal, or will the task in hand prove too much for him, taking his life in the process? What will happen to former CIA agent Sam Capra now, as he uses all the skills at his disposal and manages to carry out his mission at the last minute? Sam Capra series While many fans would like to see this series made into a Hollywood movie, mainly because of the blockbuster character's source material, there were no plans yet to adapt them for the big screen. With the popularity of the building though, along with the series in the early days, no one can really say what's next for the books. As Jeff Abbott has said, there are still novels to come yet as there is plenty of life left in Sam Capra's character yet. By showing great potential, he has a lot more to come as the franchise is set to continue strong in the future.
